

Introduction:

**Art Name: Gibson**

**Real Name: Yeyuan Chen**

**Dance experience: since 2005**

I started to do Hip Hop dance in high school in 2005, and 2 years later, I discovered my passion for Popping. I switched my concentration from Hip Hop to Popping since then. During 2007-2011, I learned Popping mainly from An, a well-known popper in Shanghai, China. Meanwhile, I was also a member of the Caster Popping Troupe, mentored by Jr Stone, one of the pioneers of the Popping style in China. I left for France in late 2011 and lived there till 2014. I was engaged in the crew "Popslayerz" and training with many competitive local dancers. I had the chance to participate in the prelims of Juste Debut for 2 years in a row. I also did a bunch of local competitions in Paris. In 2014, I moved to Montreal as an immigrant. I started to practice at UEZ with Ford and many other dancers. I got experience in performing and teaching mainly in Montreal.
